Hi Scott,

Please remove the Eco discussion if there is nothing new that Chemours has to add. I am coordinating a meeting with DEP to discuss. Afterward I will get something on the schedule for us to all discuss.

Thanks,
Eleni

Please add to the agenda a discussion concerning expansion of the residential well sampling program to the southeast of the site, at locations beyond the limits of the Pennsville Water Company service area. Also, please add additional delineation via monitoring wells.

For the discussions, please include details of the implementations as well as timeframes.

Thank-you,
